Silent Key Call Script

At the beginning of the net, Net Control should inform the membership that a member has gone "Silent Key"

Attention all stations. Please standby for Final Call for our SK member <Silent Key Name and Callsign.>

Unkey and pause for 3 seconds.

<Silent Key Callsign>. <Silent Key Callsign>, This is W4LX

Unkey and pause for 3 seconds.
Nothing heard

<Silent Key Callsign><Silent Key Callsign>, This is W4LX

Unkey and pause for 3 seconds.
Nothing heard

<Silent Key Callsign>, This is W4LX

Unkey and pause for 3 seconds.
Nothing heard

Pause for 3 seconds.

Godspeed (or Rest In Peace) <Silent Key Name.>
W4LX Clear

Unkey and pause for 3 seconds.

Continue with the regular net control script.
