Secure Your Spot: Hamfest 2026 Convention & Vendor Expo!

July 15, 2025 - Fort Myers, Fl. Are you a business specializing in radio, electronics, or related accessories? Don't miss your prime opportunity to connect with a passionate and growing audience at the **Southwest Florida Regional Hamfest Convention!**

On **Friday, January 16th (Noon - 5 PM)** and **Saturday, January 17th (8 AM - 3 PM), 2026**, Fort Myers will become the epicenter for amateur radio enthusiasts from across Florida and beyond. Hosted by the Fort Myers Amateur Radio Club (FMARC), this highly anticipated annual event is held in an **air-conditioned exhibit hall** at Florida Southwestern State College.

Why Exhibit at Hamfest?

- **Targeted Audience:** Gain direct access to thousands of dedicated "hams," new licensees, and curious beginners eager to explore the latest radios, equipment, and technology.
- **High Engagement:** Attendees come for FCC license testing, educational workshops, live demonstrations, and a bustling outdoor flea market – creating a dynamic environment for sales and networking.
- **Timely Relevance:** With increased interest in radio communication for emergency preparedness (especially after recent hurricane seasons), your products and expertise are more relevant than ever.
- **Premium Amenities:** Enjoy a comfortable, air-conditioned venue, dedicated event WiFi, available electricity, and overnight security for your peace of mind. Tables, chairs, and wristbands are also provided for your convenience.

This isn't just an event; it's a vibrant community gathering where seasoned operators turn unwanted gear into treasure and newcomers discover a fascinating hobby. Secure your spot now and put your brand directly in front of engaged buyers!

Vendor space is available and limited.

For more information and to reserve your vendor space, email hamfest@fmarc.net.

The Fort Myers Amateur Radio Club (FMARC), established in 1957, supports the exchange of knowledge, fosters camaraderie among hobbyists, and emphasizes public service during emergencies. The club, an ARRL affiliate, promotes the art and science of amateur radio through various activities, training, and initiatives. For more information about FMARC, visit www.fmarc.net or call (941) 275-9145.
